SB 245, as introduced, Aanestad. Environment: CEQA.

The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared by contract, and certify the completion of, an environmental impact report on a project, as defined, that may have a significant effect on the environment, or to adopt a negative declaration if it finds that the project will not have that effect.

This bill would make technical and nonsubstantive changes to the definition of "environment."
